Cranberry Sauce and Pumpkin Pie

by Dr. Ralph F. Wilson

Turkeys and cornucopias and pilgrim hats. Seasoned stuffing hot from the oven. Creamed onions, cranberry sauce and pumpkin pie. Uncles and aunts and cousins to play with. Grandmothers and grandfathers with family gathered round. Children waiting for the Great Pumpkin to rise over Charlie Brown's pumpkin patch and dads watching college football. A day to relax and maybe rake leaves in the afternoon.

But Thanksgiving? How much will our celebrations have to do with giving thanks?

A glance at the first Thanksgiving brings it all back. On December 21, 1620 the Pilgrims landed at Plymouth rock. Through the dead of winter the colony struggled with poor and meager food, strenuous labor, a biting wind that chilled to the bone, and the ravages of disease. Nearly half the 102 Mayflower passengers did not live to see Spring refresh Cape Cod Bay.

Avoid A Tow In Rain Or Snow

The season of snow, rain, fog, and weather-related auto accidents is upon us. In preparation, AAA Northern California urges motorists to get their vehicles ready for the upcoming fall and winter weather to reduce their chances of being stranded in the cold.

"Although summer auto crashes are more often fatal, fall and winter have the highest number of weather-related crashes, deaths and injuries," reports Matt Skryja, AAA Northern California spokesperson. "The combination of poorly maintained vehicles and driver error, along with loss of visibility and slick roads, causes thousands of preventable crashes each year."

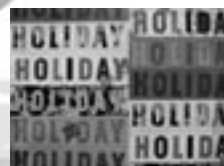

There are many ways to help prepare your car for winter driving.

Antifreeze Protection

- A 50/50 solution of engine coolant and water will provide the necessary antifreeze capability.
- Don't Forget—Check hoses: Visually inspect the cooling system hoses for leaks, cracks or loose clamps. Also, feel the hoses to see if any are brittle or if any of them have an excessively soft and spongy feeling.
- Don't Forget—Flush cooling system: Motorists should have the cooling system flushed and new

Annual Chamber Christmas Boutique

The Christmas Boutique is presented by the Central Sierra Chamber of Commerce, a tradition of over 35 years here in the mountain community, on December 4th and 5th at the chamber building located at 54125 Hwy

245 from 10 AM to 3PM.

The highlight of the Boutique is the big raffle drawing. First prize is a gorgeous handmade and hand quilted queen-size quilt. Second and third prizes are art pieces by local artists. Door prizes will also be awarded throughout both days every hour.

The Boutique features needlework of exquisite quality-- embroidery, counted cross-stitch, quilting, crochet and knitting. There are gifts for everyone. Dish towels, tablecloths, placemats, stuffed animals, baby quilts, comfy lap quilts, fleece blankets, beautiful purses, jewelry, and bags, all

coolant installed as recommended by the vehicle manufacturer. Depending on the type of coolant used, it may be necessary every two to five years.

Electrical System

- The efficiency of a vehicle battery decreases in colder temperatures. Heading into cold weather, have the vehicle's battery condition tested, especially if the battery is older than three years (AAA Mobile Battery Service will test members' auto batteries at no charge). If the battery has removable caps, make sure the cells are filled to the proper level with distilled water and that all cable connections are tight and that the terminals and clamps are free of corrosion.
- Don't Forget—Alternator belt: While the battery provides a reserve source of electrical energy, the alternator provides electrical power once the engine is running and it charges the battery. Make sure the alternator belt is properly adjusted. A loose belt is a common cause of a dead battery. While older vehicles require manual belt tightening, late models typically have automatic tensioners—but those can wear out or fail. Also inspect the alternator belt for signs of wear, such as cracks or missing segments on its ribbed underside.

Windshield

- Check the windshield fluid reservoir before the first freeze of the year and use a windshield cleaning solution with antifreeze components. Also, check the operation of the pump and the aim of the sprayers.
- Don't Forget—Winter wiper blades: Make sure that wiper blades are completely clearing the windshield glass with each swipe. If there are streaks or missed spots, it's time to replace them. During the snow season, consider installing winter wiper blades. These special units wrap the blade in a rubber boot that prevents ice and snow buildup between the glass and blade.

Tires

- If any tire has less than 3/32-inches of tread, it should be replaced. All-season tires work well in light to moderate snow conditions, providing they have adequate tread depth. In areas with heavy winter weather, using snow tires on all four wheels will provide the best winter traction.
- Don't Forget—Tire pressure: While motorists should check the pressure in their tires at least once a month, they should increase the

Cranberry Sauce and Pumpkin Pie (Continued from cover)

But God sent Indians--Samoset, Squanto, and Masasoit--to help the English settlers plant and hunt and fish. The bountiful harvest that autumn led Governor Bradford to invite the Indians to celebrate God's goodness. Ninety tall braves accepted the invitation to join the Pilgrims in a feast of Thanksgiving to God for His blessings.

The Pilgrims lived close enough to the soil to know how dependent they were on God's Providence. They had learned to thank God in the midst of the bitterness of winter past. And they were quick to thank Him during abundant blessing, too.

We teach our children to say "please" and "thank you" as the rudiments of courtesy, yet it is so easy to be rude and unthinking toward God. How often we forget to gratefully acknowledge His goodness towards us.

This Thanksgiving let your prayers and expressions of love rise toward your Heavenly Father.

"What shall I render unto the Lord for all His benefits toward me? I will take the cup of salvation, and call upon the name of the Lord."
(Psalm 116:12-13)

Annual Chamber Christmas Boutique

are handmade by the women of the chamber. Also featured are beautiful Christmas decorations for the home.

A country store is teeming with homemade jellies, jams, cakes, cookies, candy and breads, most on Christmas plates for that special gift.

Christmas giftwrapping is also available at very reasonable prices. The snack bar will be open, serving lunch and dessert. Special on the menu is the famous Chamber Chili.

This event makes possible the various chamber projects, such as scholarships, workshops, classes, our web site, and having the building available to the public.

The Four Seasons Garden Club

What a lovely day we had for the Arts & Crafts Fair on October 2. The final report has yet to be compiled but President Carley Metcalf and all the Members send their thanks and appreciation to all the vendors and visitors who made the day such a success.

One of the busiest places at the Fair was Kay Anderson's Children's Booth. When I arrived to work the children were standing in line and the gazebo was filled with children and parents or grandparents busily making windsocks from plastic bottles, colored yarn and colored streamers.

My first customer was a boy about 10 years old named Valiant. He told me he had just moved to Squaw Valley from an Indian Reservation in Nevada and he was excited about making a "red, white and blue" windsock "just like the colors of the American flag". He quickly learned to make the necessary knots and carefully wrapped the yarn to resemble the red, white and blue of the flag colors. While I helped him, his mother watched us then assisted his younger brother. After their windsocks were finished they proudly displayed them for Kay to take their picture. Another boy who was about 5 or 6 made a windsock of many colors but would not use any yellow. He kept telling me "I'm not a yellow person".

We had so many customers that we ran out of supplies. First we ran out of plastic bottles but some industrious little boys raided the recycle bin and brought us a few so we were back in business until we ran out of tape just about 3 p.m. or closing time. A great time was had by all.

The latest project of the Garden Club is helping the Dunlap School replant their raised beds. The Garden Club donated several plants from the plant sale to replant in the beds and there was a preliminary meeting with two teachers to discuss the upkeep of the beds and all the details. More on this next month.

The next meeting of the Garden Club will be Nov. 18 at 6 p.m. in the Bear Mountain Library Activity Center. The program will be about tree pruning by Tom Riffel. On Nov. 9 the Work Party will meet at 8 a.m. at the Nature Trail. Mark your calendar and come join the fun.

Avoid A Tow In Rain Or Snow *continued*

frequency during winter months. As the temperature starts to drop, so will the pressures in the tires—typically 1 PSI for every 10 degrees Fahrenheit. The proper tire pressure levels can be found on a sticker located on the driver's side door jamb. Also, don't forget to check the pressure in the spare.

Brakes

- Brakes that already tend to grab or pull on a dry road are likely to lock on ice or snow-covered pavement, resulting in a loss of stopping power and/or steering control. Make sure brakes are in properly working order before winter weather arrives.
- Don't Forget—Brake fluid flush: Brake fluid absorbs water that collects at low points in the hydraulic system and causes rust, fluid leaks and even brake failure. On vehicles with antilock brakes, moisture in the brake fluid also can damage expensive electro-hydraulic control units. Most manufacturers recommend that the brake system be flushed and new fluid installed every two to three years. Check the owner's manual for the recommended service interval.

WIC serves low income pregnant women, new mothers, infants or children under age five, in Fresno County. WIC provides checks for buying healthy supplemental foods from WIC-authorized vendors; nutrition education; and referral to healthcare and community services.

- KEEP PLENTY OF GOOD HAY IN THE BARN AND YOU'LL FIND IT'S A FACT THAT A SMART HORSE NEVER FORGETS THE WAY HOME.

Thanksgiving Trivia Test / Holiday Game

Don't let petty arguments over who gets which piece of Thanksgiving turkey ruin your holiday dinner. Instead, start a new tradition by letting the annual Thanksgiving Trivia Test determine that year's winner of First Choice.

Here's how to play. Just before sitting down for dinner, the host asks a Thanksgiving trivia question. The first person to shout out the correct answer gets first dibs on a turkey leg (or whichever part is preferred).

Feel free to let everyone study the trivia questions beforehand, if you think they'll need a little help. Also, the game can be used for other situations such as who gets to carve the turkey, who gets the best seat in the house for the after-dinner football game, etc. Make this game your own and have fun with it!

Here are 5 Thanksgiving trivia items to get you started. Add to them over the years to make the game more fun. Let your kids come up with trivia questions to add to the list.

- According to a law set in 1941, the U.S. Thanksgiving federal holiday occurs annually on the 4th Thursday in November.
- The Macy's Thanksgiving Day Parade is an annual New York City parade sponsored by Macy's Department store. It is most famous for its enormous helium balloons. The last float of the parade always carries Santa Claus; marking the beginning of the Christmas season.
- The most watched television programs on Thanksgiving Day include *The Thanksgiving Classic* (the NFL's series of 3 football games) - and the *National Dog Show*.
- Black Friday is the biggest shopping day of the year. It occurs the day after Thanksgiving Day.
- Each year, the President of the United States, in a light-hearted ceremony, officially "pardons" a turkey at the National Thanksgiving Turkey Presentation. The turkey's life is spared, and he is allowed to live out his normal, natural life.

Garden Preparation... It's never too early!

GARDENS in which the soil is heavy can be benefited by fall plowing. If the ground is turned up and left in ridges as it comes from the plow, in October or November, the action of frost on it during the winter will have a decidedly disintegrating effect, and it will be found much more tractable in spring than it would be if freshly plowed. Of course it will need a spring plowing to reduce it to the proper condition for working. This second plowing will put it in very fair shape for immediate use, while a few days' exposure to the combined effects of sun, air, and possibly warm showers, will make it mellower than after two weeks of exposure with only one plowing. This being the case, I would always advise fall plowing for gardens of heavy soil. Another benefit is derived from fall plowing. The larvæ of many worms will be destroyed by frost in the upturned furrows. For this reason, if no other, fall plowing is advisable. But I would not advise fall plowing for the garden whose soil is light and porous. Not that plowing in fall would injure it, but no particular benefit would accrue, and it is just so much unnecessary work.

Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls. Matthew 11:29.

Jesus looked upon the distressed and heart-burdened, those whose hopes were blighted, and who with earthly joys were seeking to quiet the longing of the soul, and He invited all to find rest in Him. Tenderly He bade the toiling people, "Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls" (Matthew 11:29). In these words, Christ was speaking to every human being. Whether they know it or not, all are weary and heavy-laden. All are weighed down with burdens that only Christ can remove. The heaviest burden that we bear is the burden of sin. If we were left to bear this burden, it would crush us. But the Sinless One has taken our place. "The Lord hath laid on him the iniquity of us all" (Isaiah 53:6).

He has born the burden of our guilt. He will take the load from our weary shoulders. He will give us rest. The burden of care and sorrow also He will bear. He invites us to cast all our care upon Him; for He carries us upon His heart.

TRUNK OR TREAT... WOW! Great Turnout

As usual, the Annual Trunk or Treat was a wonderful success. Thanks to the hard work of Jennifer Costales and her many volunteers, everyone had a great time. The food prepared & served by Christine Mulligan and family was quite tasty as well (and boy did she enjoy the new kitchen).

The fun and safe environment made for a great time. Sierra Mountain Feed & Twin Valley's Restaurant provided gift certificates to some very creative and inspiring Pumpkin Carvings. The Grand Prize was a drawing for an Amazon Kindle, and was donated by The Mountain Valley Gazette.
